Dear Sir,

Subject: Renewal of Agreement

Please intimate to your Government our desire to renew the agreement of Agricultural Technical Cooperation for another two (2) years. The agricultural technical team members have still to complete on-going activities and start on some new projects in various areas related to their field of expertise.

In the meantime, we would like to acknowledge the contribution of the team in the improvement of agricultural research works as well as the training of some of our field staff in overall agricultural practices.

We hope the close cooperation between our Governments in this field would further strengthen our friendly relations.

Thank you and best regards.

Yours faithfully,

Excellency:

I have the honor to acknowledge receipt of your Excellency's note of 23 June 1993, by which the Government of the State of Bahrain, being desirous of extending the agricultural technical cooperation agreement dated 16 February 1987 signed between our two countries, has submitted to the Government of the Republic of China the following proposal:

"Looking at the excellent jobs done so far, and the need to observe and verify the results and achievements, we would very much like to extend the current agreement for another two years. We hope the Council of Agriculture, Executive Yuan, will approve this extension and look forward to your confirmation."

I have the honor to inform your Excellency on behalf of my Government that the Government of the Republic of China concurs in the proposal transcribed above and that this Note in reply and your Excellency's Note shall be considered as constituting an agreement between our two Governments effective as on 10 June 1993.

Accept, Excellency, the assurances of my highest consideration.

Yours sincerely,
